

## Bus Fleet

### **FIXED ROUTE**

518 buses, including:

- 30 MCI over-the-road coaches
- 12 articulated buses
- 36 ski buses
- 1 Optima 30-foot bus (32 scheduled for delivery this year)

### **PARATRANSIT**

103 vehicles (Salt Lake County)

- 55 vehicles provided by contractors outside of Salt Lake County

### **VANPOOL**

252 vehicles

- Fleet consists of 12-passenger to 15-passenger vans

## Rail Fleet

### **UTA FLEET**

40 Light Rail Vehicles

- Siemens brand, SD-100 and SD-160
- All trains equipped with ADA accessible ramps
- All trains are powered by an overhead electrical system

### **SAN JOSE**

29 Used UTDC Vehicles

- These vehicles were purchased in 2004 from the Santa Clara Valley Transit Authority (VTA) in San Jose. The cost for each vehicle was approximately \$250,000. New light rail vehicles cost \$2.5 to \$3 million. These vehicles are in the process of being upgraded to run on UTA's system.

### **CHICAGO METRA**

30 Used Heavy Rail Passenger Cars

- UTA acquired these vehicles from Chicago's METRA system at no cost and will be used to provide extra capacity on UTA's future commuter rail system.
